

# The dissolution of ideologies in the coming One World Government!

By Olof Amkoff

## Preamble/forward:

This pamphlet was written in 1987. I have chosen NOT to update it in spite of all that have happened since then, **because** it will show that the prophetic word of the Bible enables us to "read the signs of the time", and rather precisely predict the onward development all the way to the eventual final state, as is presented in the prophecies of the Bible. The apostle Peter wrote concerning the prophecies of the Bible:

*"We have the more certain prophetic word, in which you will do well, if you pay attention, as with a lamp that shining in a dark place, until that Day would dawn and the Morning Star would arise in your hearts, if you understand this first, that no prophecy of Scripture happens by the prophet's own interpretation: for a prophecy was never brought by the will of a person, but people spoke from God, while they were being carried along by the Holy Spirit."* 2 Peter 1:19-21.

Amazingly enough, this pamphlet is still very much up to date in spite of the almost 30 years that has expired since I wrote it! *Olof Amkoff, Bible teacher, Sweden.*

*Front page picuters:* On September 25th, 2015, Pope Francis formally addressed the United Nations General Assembly in New York City. Soviet Premier Mikhail Gorbachev and U.S. President Ronald Reagan stride across the stage towards each other at their first summit meeting, November 1985 in Geneva, Switzerland.

# The Dissolution Of Ideologies In the Coming One World Government.

The 2000 year period that God has given man to administer the world after the death of Jesus Christ is rapidly drawing to its end. Great changes are in process all over the world for the final scenario that the Bible prophecies about: a world government with a cashless world economy. In one communist country after another stock exchanges are being opened and cheques and account cards introduced. State-run industries are privatized and agriculture is deregulated with a large element of private ownership instead. Free markets for goods are accepted again. Unprofitable industries and factories are now allowed to go bankrupt. It is officially admitted for the first time in these socialist countries, that unemployment and inflation exist! Investments from Western countries are encouraged and they are offered generous profit margins and majority ownership in common firms. Central planning is being abandoned in more and more areas in favour of market forces. Even private enterprises are allowed on a small scale and people are again encouraged to get rich quick through their own firms. Even income tax and VAT are being introduced. All measures that previously have been condemned as typically "capitalistic". Hungary has perhaps gone furthest with the opening of a school of economics and business administration for managers, with teachers and textbooks from USA and West Europe!

The fiasco for the planned economy and communism is apparent to all serious East State politicians. But they do not wish to admit it. Hence all this talk of "glasnost" and "perestrojka" in the Soviet/Eastern States as well as liberal reform policies in China. North Korea is the first nation in the world ever to have been declared bankrupt by its tenders! In September 1987 Yugoslavia announced that the country had suspended payment instalments of its 132 billion kronor foreign debt. Both Hungary and Yugoslavia now say that one should let market forces steer the economy! Perestrojka is nothing but a preparation for the whole Communist block for the final common world economy. That all this is a question of ideological disarmament has been perceived by many international judges. For instance John Naisbitt in Dagens Nyheter 13/8/1987 and Rudolf Jalakas in DN 7/8/1987. This process has gone so far that even Gorbachov has said, "Now that the fate of the world hangs on a thread, we must forget all ideologies", according to Efraim Sevela, Russian film producer and author, in DN 25/8/1987. In "Time" 36/1987 one of Gorbachov's closest advisers on economics, Tatiana Zaslavskaya, dismisses completely the Marxist conception of classes. Instead she speaks of 75 sociological groups! The Soviet has invited USA in a space collaboration to reach Mars with a manned spacecraft as a continuation of the collaboration on space dockings. See "Time" 40/1987.

Gorbachev has suggested international co-operation to extract oil and gas in the Arctic and has suggested a Soviet/Scandinavian scientific council for Polar questions, etc. This development of ideological disarmament has been prophesied by authorities on the Bible for a long time. Not least Isaac Newton. See his book: "Observations upon the prophecies on holy writ; particularly the prophecies of Daniel and the Apocalypse of St. John."

The prophecies in God's Word tell namely that during the last 7 years before Jesus returns the whole world will be governed by a single federal world ruler with a common world economy! In order that this can become reality, the role of ideologies must first be toned down, be filled with new content or wholly or partially abolished. This is now happening in all non-capitalistic countries. Even in Sweden and the Western world class-based block politics is losing its traditional role. The scrapping of marxism at the English Labour Party's congress in 1987 is one example. Within multinational companies the coming world economy is being prepared in that for a long time. They have bought themselves into each other's companies. During the 1980s announcements have come pouring in that, for example, the car giants in USA, Europe, South Korea and Japan have concluded agreements on collaboration, opened jointly owned factories in each other's countries and bought up large blocks of shares in each other's companies. An example of this is Volvo's collaboration with General Motors. Their new joint company is called Volvo GM Heavy Truck.

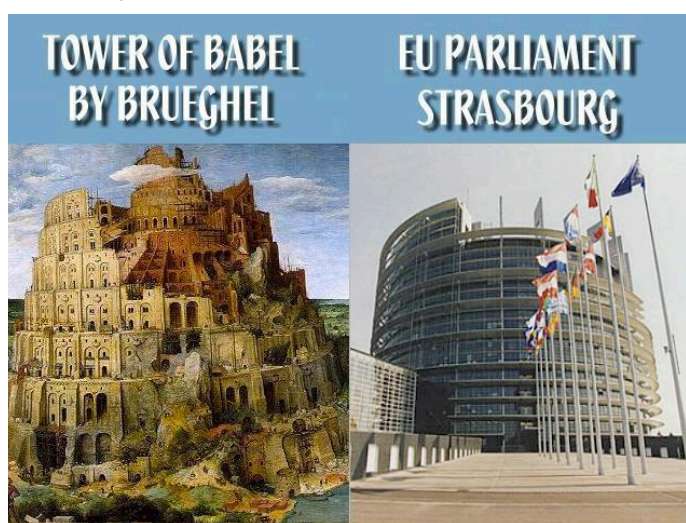

Several American and English car models already have Japanese engines etc. People within banking and financial circles have also been planning and acting towards the final world economic system.

The head of the account card company VISA, Dee W. Hock, said in a DN interview 10/12/84, *"It is not possible to find a change as rapid, complicated and radical as that which is now taking place round about the world of finance."*

The same article summarised the VISA head's visions of the future like this: "We are on the way to an all-embracing world economy, the national and regional economies' time is past." And sure enough we now see several large company fusions over national boundaries of the type ASEA-Brown Boveri. DN's stock exchange commentator wrote 16/8/1987, *"Ten or so large fusions of the type ASEA-BBC would perhaps extort an economical United States of Europe quicker than 100 Parliamentary discussions in Strasbourg."* The new words in fashion in economical and political circles are: Global, supranational and world citizen. The so-called "future oracle" as well as New Age spokesman, John Naisbitt, spoke to heads within trade and industry and administration in Stockholm 12/8/1987. In DN the next day he was quoted: *"What we see is the end of the welfare state and the death of socialism. The Soviet is privatising and marxist countries all over the world are following Thatcher's example and selling off State-run companies. He paints a future without socialism (without) heavy industry, (without) starvation and no national boundaries. Free trade! One market! One economy. It becomes almost like a slogan when John Naisbitt describes the global economy and community of the future. We are approaching a really free market where the global trade and economy is the surest way to world peace, maintains Naisbitt."* (My underlinings).

From a human perspective this development appears to be positive and unavoidable. I would myself also be positive if I did not know what the Bible's prophecies say and warn against. For the same reason that God gave us 6 days in which to work and every 7th as a day of rest, God gave us different languages and national boundaries. God wants namely to protect us from world dictators, laws and ideas which could enslave the whole of mankind at the same time. "God blessed and kept holy the 7th day", says the Bible. Man has not succeeded in change this despite serious attempts by both Napoleon and Stalin to introduce a 10 day week. God will never allow man in his godlessness to change his plan of the creation. On the other hand, say the prophecies, God will allow the abolition of the nations' boundaries. It will become the curse of men.

At the end of it all, a world dictator, "Antichrist", will arise as a result of our leaving God's protection that the order of creation gives. When man built the tower of Babel under the rule of the dictator Nimrod, he became very near to becoming the first world dictator. He could have led astray the whole human race with his false religion - astrology. The whole of earth's population had the same language at that time and all lived around the Middle East. God was therefore forced to spread the human race out by confusing the language so that they did not understand each other and could not continue to enlarge the town of Babylon with its astrological observation tower. Archeological proof of the tower still exists, or the Ziggurat that most reference works name. Irak has been rebuilding Babylon since 1971, including the tower of Babel!

## The New World Order, World Government, World Economy

Since then, ca 2300 BC, we have had languages and national boundaries as a God-given protection against a world government and thereby a world ruler. Only Jesus Christ has the right to call himself and become the ruler of the whole world! "Power corrupts and absolute power corrupts absolutely", as the saying goes. It is obvious that it cannot be healthy with power over the whole world exercised by a clique of people. But the so-called "development" must go on! For several decades we have been fed with the idea of thinking globally and living internationally, so most of us will be prepared. But behind all this stand powerful interests who have never been satisfied with national power and possession, but whose aim is to establish their own world domination via a world government and a world economy.

These groups of the whole world's absolute elite top holders of power and wealth are so used to their quite incomprehensible wealth that money as such is of no importance to them any longer.

One of these groups is the banking family of Rothschild, who already in 1850 owned more riches than all the royal houses in Europe put together (!) according to "The Day the Dollar Dies", by Willard Cantelon. He also says, "If it wasn't so well known and accurately documented one could say that the story of the Rothschilds could not be true." They have grown up one generation after the other with so much money, influence and contacts from early childhood that they have considerably more far reaching plans and ambitions than just to become even richer. They have in time developed a conception of themselves that they have been "called" by "superior forces" to deliver the world from war, starvation, conflicts and constantly recurring economic depressions. Another similar aristocratic finance family is Rockefeller. But the word of God warns:

*"The love of money is the root of all evil",*  
1 Timothy 6:10.

These and like-minded milliaidre families have for a long time got to know each other and together formed international institutions in order to standardise and transmit the whole world's politics and economy to their own hands as smoothly as possible.

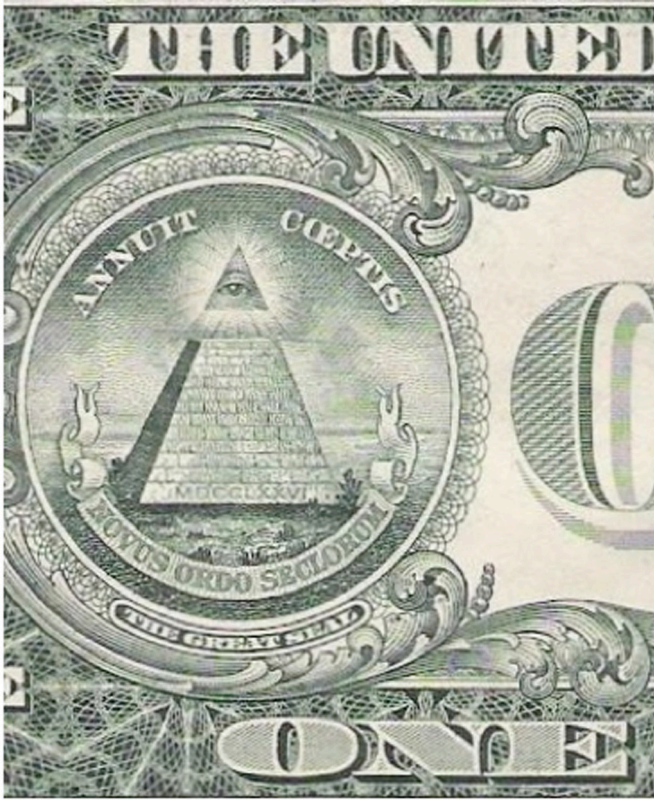

A little bit of this came out in the film "Network" by Sidney Lumet.

(It deals with the news reporter who threatened to shoot himself in the middle of a direct broadcast) They hand-pick the most distinguished politicians, bankers, financiers, labour and trade union leaders, scientists, company directors and initiate them in their half-secret and far-reaching plans.

These super-powerful groups all have the same motto; Act, but do not be seen. How then do they act? Well, through their own international half-secret "discussion clubs" with names like Trilateral Commission, Council on Foreign Relations (CFR), both private organisations with D. Rockefeller at the head, the Rome Club, World Future Society, the Bilderberger Group and not least the Masonic Orders. They meet in the background at 5 star leisure hotels and have meetings without minutes. What do they discuss? Yes,

"The New World Order".

The same words that have appeared on all one-dollar notes since 1776 under the occultists' pyramid, but in Latin: "Novus Ordo Seclorum."

Under the occultists' pyramid stand the Latin words Novus Ordo Seclorum, which mean New World Order, i.e. the coming 666 cashless system that Revelations 13:16-18 mention. In the book, "Jimmy Carter, Jimmy Carter" by Gary Allen, it is stated that "Rockefeller and CFR name their "big plan" for "New World Order". One hears this phrase over and over again from Rockefeller's allies and followers. The New World Order is the Trilateral's and Rome Club's code phrase for a World Government. The chairman of the board in the world's largest bank, David Rockefeller, is also he who has started the CFR in USA. Recently the gentlemen in these organisations have begun to speak plain language. "The Trilateral Commission does not rule the world in secret. It is the CFR which does that." Winston Lord, president of CFR. "Our national aim ought to be to abolish our nationality." Kingman Brewster, a member of CFR and one-time principal at Yale University. "The fantasy of sovereignty is demonstrably no longer consistent with reality." Zbigniew Brzezinski, member of CFR and the Trilateral Commission, Secretary of State for Defence under President Carter. "The CFR suggests that we create a limited world government and entrust our sovereignty there." Senator Alan Cranston, member of CFR and Trilateral Commission. "The CFR considers that national borders should be wiped out and a one-world rule set up."

"Tragedy and Hope", by Professor Carrol Quigley, member of CFR.

Already Jesus was offered power over all the kingdoms in the whole world by Satan if He "only" worshipped Satan. *"And the devil took Jesus up to a high place and showed him in one instant all the kingdoms in the world and said to him: To you will I give the power over all this with its glory; for it has been handed to me and to whom I wish, I can give it. Thus if you worship me, then it can belong to you in its entirety."* Luke 4:5-7.

Jesus refused. He wanted to obtain power in a just way by sacrificing himself for man. Therefore the present-day Satan, "this world's god", offers all ungodly politicians, capitalists, financiers, New Agers etc. to gain control over the whole world through a world government, if they "only" worship him. Worship in such a way that one either adores Lucifer or Pan (different names for Satan) or worships Power, the State, the World Government and looks upon it as one's "salvation", the saving of the world. In other words: Heaven on earth without God. No, the world's only hope is - Jesus and his coming again!

## A Religious and Political Government

The Bible's prophecies about this world government say that it will be just as "spiritually" (religious) as political. And sure enough we now see how both the Bahai sect and the Indian TM leader, Maharishi Yogi, have started "The World Government for the Age of Enlightenment". TM has already appointed meditation ministers for different spheres, e.g. the weather! This world government has a branch office in Sweden and has had big advertisements with offers to all governments in the whole world to get their problems solved via Maharishi's meditation methods. The newspaper, "7 Days", reported in Nov. 1983 on the hidden world governments, of which Dr Kissinger's Consultants is one.

The Volvo chief, Per Gyllenhammar, is one of Kissinger's consultant who gives advice to large multinational companies, whose budget exceeds the budget of nations. Kissinger's consultative department is even adviser to Morocco's government, for example. The New Age movement works through various organisations in similar paths. Planetary Citizens is an organisation that wants to lead the New Age's World Order. Other organisations are called Global Committee of Parliamentarians, Planetary Initiative For The World We Choose, New Group World Servers and Unity in Diversity Council. The last named organisation is already arranging "World Parliament" meetings. "One should begin in time if it is to become crooked", goes the saying. That is why a massive campaign is going on directed towards children and youth that they should begin to think in world government lines. An organisation called "World Youth Parliament" plans to hold a "global" meeting on Gotland in 1988. All with the purpose of teaching youth peaceful co-existence etc. It sounds worthy of earnest consideration and good. It is perhaps even being planned in all innocence, but all such initiatives are exploited by occult forces in order to produce a generation prepared for a world government with the Bible's Antichrist at the head. This development has gone furthest in USA. There the daily newspapers like New York Times, Los Angeles Times and USA Today often write front page articles on the "need" for a world government. The Nobel prizewinner in Medicine 1981, Roger Sperry, describes in a long article in L.A. Times, October 1986, "the necessary steps towards a world government and a world religion."

Constance Cumbery, who has written a book on the New Age: "The Hidden Danger of the Rainbow", shows how these organisations, all of which have the vision of a world government, also have connections with the Findhorn Foundation, a New Age movement in Scotland which worships Lucifer (Satan)! Planetary Initiative arranges meetings for a group of men who are called The Wise Men's World Council (!) It is impossible in the present situation to decide which of these groups will become the final platform for Antichrist. But we see that many groups are working with the vision of a world government, which will take over control when the national governments have become so weakened and the contempt for politicians has grown so much that the masses are ready to accept a global solution in the form of a world government. (What guarantees are there that policies that have failed on the national plane, will succeed on the international, supranational plane? Nothing!)

The ever more advanced computers are also working in the direction towards a world government by building up global networks of data information, global networks for the transfer of money and stock exchange transactions between nations and continents. It is interesting to see how occult movements and technicians use the same words - "Global network". Satan's world government will not be long-lived, the word of God promises us consolingly, only 7 years. On the other hand the only righteous world government, Jesu Christ's kingdom of peace, will last for 1000 years! See Revelations, chapter 20-22.

## Mr 666

The key man to bridge the gulf between the Soviet and USA in the struggle for this world government is Armand Hammer. According to the Sunday Times Magazine 24/6/1984, he is a man who "has earned his money on cut-price spirits and the Russian Revolution. A close friend of presidents and kings, favoured and protected by Soviet leaders since Lenin. As chairman in Occidental Petroleum he stands astride the East-West gulf like a capitalistic colossus. It is to him that the Soviet's and USA's leaders turn when the "hot line" does not function, and it is through them that he has retained and built up his milliard dollar empire. The Hammer family, of Jewish stock, had bonds with the old Russia through its ancestors (Armand's great grandfather built warships for the czar). As there are no material possessions on this earth that he cannot buy, he has ambitions that cannot be bought for money - to create peace and harmony between the super-powers.

*"In the future, he says, when the economical systems in the world are changed and capitalism and socialism are drawn nearer towards each other, I hope that everybody will become rich."* "He was there when the Politbureau buried Andropov outside the Kremlin in 1983. Among the rows of presidents and prime ministers, ambassadors, generals and Soviet heroes stood an American multimillionaire businessman, capitalism in human form, one of the most enigmatical and exceptional persons of this century". End of quotation.

He doesn't need to be so enigmatic if one puts all this in a prophetic perspective. The Bible tells that after 2000 years of evolution after the death of Jesus, things will have gone so far that there will exist a single world ruler - Antichrist, "Mr" 666 with his world government and a single world economy. The embryo and structure for this world government is found in the United Nations, the World Bank and the International Monetary Fund (IMF). In all probability there will be an amalgamation of all the previously named New Age groups and the Mammon worshippers Rome Club, the Trilateral Commission, CFR, etc. This world's last dictator will have a federal power over 4 large power blocks. First and foremost his own: the EEC - the re-established Roman empire. Second: the Soviet block, third: "the kings of the East" and last a collapsed USA. Allow me to present these four super-powers in order of size, according to prophecies in the Bible.

## The EEC/EU.

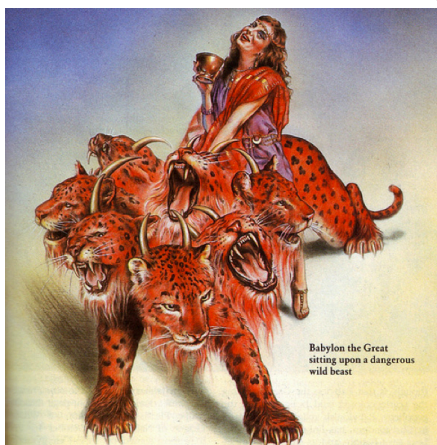

Briefly the prophecies in Daniel and the Book of Revelations say that the ancient Roman empire shall in the end, just before Jesus's return, have been re-established as a 10 state union. If one puts a map of the EEC countries over the map of the Roman empire, one sees the likeness. Currently the EEC is a union of 12 states, but both Denmark and Ireland were not included in the ancient Roman empire. On the other hand Denmark is the only EEC country to be a member of the Nordic Council and Danish politicians refuse to shut Scandinavia's open borders. This in opposition to the EEC's decree of a completely closed common outer boundary. Furthermore Denmark's prime minister has said that Denmark will never accept that the EEC be transformed into a political union. Even so, that is just what is the EEC's pronounced aim; at by 1992 at the latest to have formed the empire "Europe" or the United States of Europe with 350 million inhabitants.

And according to "The Business World" 36/1987 the Danish government has pronounced with reference to the EEC's harmonizing of VAT in terms which indicated "rather withdraw from the EEC than a far-reaching tax levelling between the EEC countries." Ireland is the only country that is not in Nato. If not before, Ireland will withdraw from the EEC when it is time for a single united defence and foreign policy for the EEC, latest 1992. Both Denmark and Ireland have each had a referendum about a possible withdrawal from the EEC. In both countries the EEC supporters won that time by a narrow margin. Already today the EEC is in certain respects a 10 state union within the boundaries of the old Roman empire, with 2 countries outside its old borders. But even on this point Gods prophecy about the re-established Roman empire will very soon be fulfilled when Denmark and Ireland leave the EEC.

Allow me to quote my letter to the editor of a local newspaper 16th April 1987 with the heading "The EEC and S-marking. An investigation within the Department of Industry suggests that the S-marking of all electrical articles be abolished, in order to bring Sweden in line with the EEC. A Dagens Nyheter leader 27/3 suggests that the krona be connected to the EEC countries' currency collaboration - EMS. It seems as if Sweden a little drowsily has opened her eyes to the rapid development of the EEC and its reconstruction recently. The abolition of S-marking will cause unnecessary accidents, fires and deathtraps. The connecting of the krona to EMS will result in our krona and ören being got rid of within 5 years and being replaced with ECU (European Currency Unit)! The 30 year old Coal and Steel Union, became EEC and by 1992 at the latest the formation of the empire "Europe" will be accomplished. This has been unanimously decided by EEC's own supranational parliament. That is why the EEC on 1/1/1986 abolished all passports showing the individual EEC country's name. Instead "Europe" now stands on all new passports and driving licences that are issued within the EEC. Likewise EEC has decreed that by 1992 at the latest the D-mark, Danish crown etc. will be replaced by the ECU. So DN's suggestion that our Swedish crown be connected to the EMS does not promote for 5 öre (!) our neutrality and freedom of action. With ECU as Swedish currency we will have been dispatched as a colony to the EEC without power to influence its policy.

Recently the mass media has noticed EEC's decision to set up an "inner market" by 1992 at the latest. With this conception those in power in the EEC have succeeded in blinding members of parliament, leader-writers and journalists. Lord Cockfield from EEC's "government" was on a visit to Stockholm. According to DN 31/1/1987 he explained that "the EEC under his leadership is now in the process of re-establishing the European unity that has not existed since Roman times. Charles the Great and Napoleon were dismissed as failures." In other words EEC's "inner market" is nothing less than a re-established Roman empire. To re-establish the Roman empire has always been the dream of men intoxicated by power. Ever since Charles the Great and Napoleon to the trio Hitler-Mussolini-Franco, who all tried to put that dream into practice. Now it is the turn of the EEC bureaucrats, but with peaceful means. They have come quite far. The EEC has already issued a European flag, a European national anthem, a European National Day, European stamps, a European TV channel, European sports team, European driving licence, European passport and the European currency ECU. It has had its own supranational parliament since 1979 and now it is busy demolishing all the passport- and customs controls and electronically linking together the 12 countries' stock exchanges in a joint European exchange. For the first time ever a joint French/German large-scale manoeuvre has taken place. A joint armed force has been formed and a joint defence council is on the agenda. The EEC is on its way to its own NATO. The next step planned is an EEC foreign policy and defence department. The empire "Europe" with 350 million inhabitants is developing just now!

What is remarkable is that the EEC itself confirms the Bible prophecy that the Roman empire will be re-established in the end. This is how it is expressed in The European Community Magazine 10/1975, "the EEC's Rome agreement supports the interpretation of the books of Daniel and Ezekiel as well as Revelations that the 'endtime kingdom' is a new

Roman kingdom." God warns us against this kingdom. It will be the most terrible of all dictatorships ever! The Bible calls this future leader "the beast", "Antichrist", the "lawless one" and Mr "666". But Gods Word promises us victory and survival under this satanical kingdom if we receive Jesus Christ in our lives.

## World President

The EEC will perish because of internal antagonisms say the prophecies in the Bible. The remains of this future super power Nr 1 will be taken over by the last Pope. He will meet opposition from three EEC country leaders, but these Antichrist will "strike down". The ultimate EEC leader will appear, says the Bible, and assert that he is the saviour of the world. He will be both a political and spiritual leader. It will therefore not be possible to conquer him with the usual instruments of force. And this is because he will be supported by Satan himself, say the prophecies. The devil till give this "World President" all possible supernatural occult power. His closest collaborator (whom the Bible calls "the false prophet")

*"will do great wonders so that he makes fire come down from heaven on the earth in the sight of men. And deceives them that dwell on the earth by the means of those miracles which he had power to do in the sight of the beast: saying to them that dwell on the earth that they should make an image to the beast, which had the wound by a sword, and did live. And he had power to give life unto the image of the beast, that the image of the beast should both speak and cause that as many as would not worship the image of the beast should be killed."* (Revelations 13:13-15). This black magic of the Beast, Antichrist, will finally convince many all over the world that Mr 666 is "God".

If you wish to be spared from worshipping a world dictator, be spared from worshipping his image given, then you must have quite different weapons than politics or acts of terrorism. In that the prince of the evil spirit world is behind the world government, the world church and the cashless world economy during this time, only spiritual weapons are of any use. If you receive Jesus into your life and allow Jesus and God's Word to be Lord over your life, then God will fight for you against Satan and Antichrist. But remember, what has been described will not happen before when the whole world will have already suffered a collapse of the economy, civil wars and world war, the dissolution of law and order, several worldwide environmental catastrophes, a critical consciousness of the possible survival of the human race, and a totally military defeated Soviet etc.

I beg you not to wave this away as impossibilities or religious products of the imagination or such. I beg of you to remember what I have said and continue to compare it with the future development of events in the world, in this and other areas which I describe below.

## The Soviet Block in Prophecies

The next super-power according to Bible prophecies is the Soviet block. Those countries who will be allied to the Soviet are named in Ezekiel's prophecy of Russia's war against a resurrected Israel. Despite the fact that Soviet was one of the first countries to recognize the existence of the state of Israel in 1948, the Soviet block will attack and invade Israel just before the return of Jesus. Actually the fact that there exists a Jewish nation today ought to make us believe in the God of the Jews. No race has for such a long time been so scattered and dispersed, hated and persecuted as the Jews. Jerusalem has suffered 36 wars. The town has been reduced to a heap of ruins 17 times, but has been rebuilt again each time. And yet the Jewish people and the Jewish religion have not been exterminated or intermixed with other races and religions beyond recognition. Which ought to have happened, if one compares all other persecuted minority races during world history.

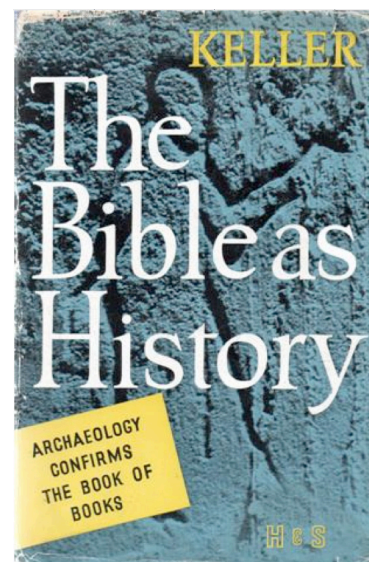

The reason that the Jews have been allowed to come back to their country after 1800 years of dispersion is that the Bible prophecies in many places that the Lord God Almighty will gather together again his first chosen people from the so-called Diaspora, the price they had to pay for their rejection of Jesus, the Messiah. The book in the Bible of Ezekiel, chapter 36 and 37 prophecies about this gathering together again of the Jews from all peoples back to their Promised Land: Israel. The 38th and 39th chapters prophecise a war of aggression by a Russian alliance. The prophet Ezekiel lived 600 - 500 years before Christ. He could therefore for obvious reasons not use present names of Israel's enemies. Instead he uses the names of the races which constitute the Soviet of today and other countries. The prophecy names "the leader of Ros, Meschech and Tubal in the land of Magog."

We can identify ROS, for example, through Byzantine and Arabian authors. They often name a people who are called Ros or Rus, who live in the country of Taurus and are counted as belonging to the Scythian races. Gesenius's hebrew dictionary says that "Ros was the denomination for the tribes who then lived

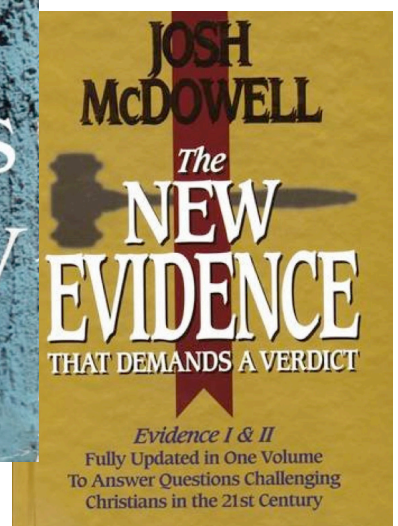

north of the Taurus mountains in the vicinity of the Volga." All the history books place the Scythian tribes within the Soviet of today. Russia in Russian is called - Rossiya!

MESCHECH is identified in Gesenius's lexicon as the founder of the Moski, a barbaric people who lived in the Moski mountains. The Greek name Moski has been derived from the hebrew name Mesek (Meschech), and is the origin of the name Moscow. Herodotus, the Greek philosopher in the fourth century B.C. often mentions Mesek. He calls them Moscovites. Flavius Josephus, the Jewish historian employed by the Roman Empire, says likewise that the people who in his day were known as Moskovites originated from Mesek.

TUBAL says Gesenius' lexicon were the people by the Black Sea west of the Moski mountains. Keeping pace with the migration of peoples and wars the Tubal tribe settled at last and founded the town of Tobolsk. At that time the unity within the family and relations was extremely strong through blood alliances and the formation of clans. The clan was called after the name of the ancestors. Mesek and Tubal were the sons of Noah's son Japhet according to Genesis 10:1-2. Many archeological finds and discoveries confirm the statements in the Bible. See for instance, Werner Keller's: "The Bible as History", his best-known and most successful book, which correlated the text of the Bible with the results of archaeological diggings in the Middle East, providing, according to Keller, a confirmation for the Bible's veracity which was not dependent on religious faith. It had a circulation of over one million in Germany and has been translated into more than 20 languages, and in 1957 gained him the Italian Literary Prize.

This two books!

MAGOG'S COUNTRY. Josephus says that "Magog are called Scyths by the Greeks". Pliny the Younger, a Roman writer (A.D.61) says, "Hierapolis, which was taken by the Scyths, was then called Magog." By this they show that the Scyths were identified by their old clan name. The Scyths lived, as we saw, within the borders of the Soviet union.

The prophecies of Ezekiel continue by listing the allies of Soviet: "Persians, Ethiopians and the "putians". "Persians" = Iranians. "Putians": According to the Persian king Darius I's list of conquests, Put is the land with the town of Cyrene. In other words: Libya. That is why the Greek translation of the Hebrew Old Testament (written 250 B.C.) does not say Putians but "Libyans."

A further two of Soviet's allies are named: "Gomer and Togarma". The archeologist Robert Young says that the "Gomer settled on the North side of the Black Sea and later spread southwards and westwards to Europe's furthest boundary." In other words: the Goths. Gomer was the son of Japheth, son of Noah, and father of Askenas. Josephus calls the descendents of Askenas Askenites, and a map of the old Roman Empire places them in what is now Poland, Czechoslovakia and East Germany. Compare the expression "askenazy" for German-Polish Jews. The Jewish Bible commentary Talmud, which was written in the 5th century A.D. describes Gomer as Germani. Compare the English "Germany". Once more we see that it is a question of the Germanic tribes. A special Russian-German friendship is emerging now in the aftermath of the abolition of the Iron Curtain. Look out!

"Togarma" = Armenia in South Russia according to Gesenius' lexicon. Turkey, according to other sources.

A further geographical determination of the chief enemy is given in the words: "from the country furthest in the north". The Bible always starts from Jerusalem in geographical determinations, because the town is named as "the centre of the nations". From this we can therefore once more identify these invading armies as just Russian. For no country lies further northward than Russia and immediately north of Israel lies Russia and even Moscow!

## WHEN?

Ezekiel even gives us a definition in time.

*"After many days you shall be visited (Russia): in the latter years you shall come into the land that is brought back from the sword, and is gathered out of many people, against the mountains of Israel, which have been always waste: but it is brought forth out of the nations, and they shall dwell safely all of them."*(Ez.38:8)

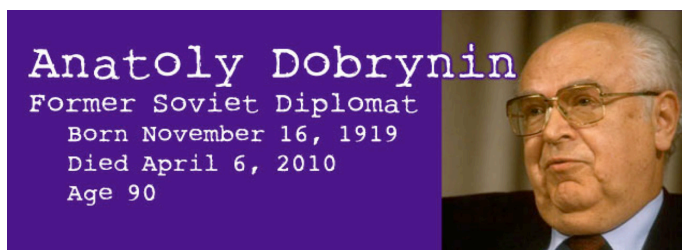

C:a 2575 years have now elapsed since this prophecy was written down and Jews from well-nigh all countries have been able to come back to Israel. And certainly it has taken a long time! What is remarkable is that not until the 1970s and 1980s has this prophecy been able to be fulfilled with regard to power politics and conflicts. The old Russia of the czars was weak. It lost many wars. Not least the Russo-Japanese war and WW1. Yet the prophecy says *"the chief prince of Rus, Meshech and Tubal" that "be you prepared and prepare for yourself, you and all your company that are assembled unto you, and be you a guard unto them."*(Ezekiel 38:7)

Sure enough the Sovietunion is the biggest exporter of weapons to all the countries listed and is itself very well equipped militarily and their obvious "supreme commander". Even non-Christian critics of the Bible usually agree that it is just the above-named countries that are meant. On the other hand they have always maintained that it would be impossible politically and militarily for the Soviet to get Iran, Ethiopia and Libya over onto its side. But in the course of world developments they have become silent even on this point, as the political prerequisites have appeared one after the other for this nearly 2600 year old prophecy to be fulfilled!

During the 1960s, Iran, Ethiopia and Libya had been governed for several decades by extremely conservative anti-Communist monarchies. But in 1969 the whole scene was changed in that Libya became a Socialistic military regime with a very strongly expressed hate of Israel. Ten years later both Haile Selassie in Ethiopia and the Shah of Iran were deposed. Ethiopia quickly became a purely satellite state to the Soviet and Iran collaborates with Soviet both militarily and economically in spite of its official anti-communism.

The military agreement concluded in 1921 between the Persia of that time and Soviet is still valid today in Soviet opinion. The treaty gives Soviet the right to enter Iranian territory with its troops in the struggle against a mutual external enemy. The NATO countries' large collection of naval armed forces in the Persian Gulf will certainly play a big part in what must precede Soviet's attack on Israel. Perhaps the oil wells will be set on fire thus bringing about a world-wide energy crisis. But what unites Iran, Libya and Ethiopia with Soviet is their implacable hate of Israel.

With regard to history Ezekiel has been proven 100 % right in what he prophesied would happen in pre-Christian time. That which he prophesied would happen in the last days has now been fulfilled in that Soviet's war against Israel is now fully possible in principle. The outcome of the war will also be what God through Ezekiel promises: a crushing defeat for Soviet imperialism! God will namely himself, supernaturally, save Israel from the "destruction" that Soviet's USA ambassador has threatened. "If Israel threatens us, we shall destroy them in 2 days. I can assure you that our plans are drawn up for this eventuality." (Anatoly Dobrynin)

The power vacuum that the Soviet alliance leaves behind it will make it easier for the president of the then completed "United States of Europe" to become the leader of the whole world - Antichrist.

## The third Super-Power, "the kings from the East" in the war of Armageddon

The third super-power that Antichrist will have federal power over is what the Book of Revelations names as "the kings from the East". As I have mentioned previously in that God's Word always proceeds from Jerusalem in geographical definitions of locations, we understand more easily which countries are meant. These kings shall namely, according to Rev. 9:13-16 + 16:12, have armies of altogether 200 million men! These armies will come from countries east of the River Euphrates in Iraq in their march towards

Israel, in the so-called War of Armageddon. (It is not the same war as Soviet ventures against Israel. There is an approximate time interval of 3,5 years between these two wars.) The countries meant by "the kings from the East" are no doubt Japan, China and India. That the prophecy in Rev. 9:16 names 2 x 10,000 x 10,000 soldiers, i.e. 200 million, is interesting bearing in mind that Mao Ze Dong boasted that China was capable of mobilising a peoples' army of just that number!

When the apostle John received all the prophecies which are included in the Book of Revelation, A.D.96, not even the whole world had such a large population as 200 million! That Japan will take part becomes more and more likely. The best-seller of 1987 in Japan were 2 antisemitic books by the author Masami Uno. One of them is called, "If you Understand the Jews, you can Visualise the World Scenario in 1990 for the Final Economic War"! Japan's growing economical problems are blamed on a world-wide Jewish conspiracy according to Tempus 14/1987.

## The fourth Super-Power, USA

The fourth power block in the end time, will be a toothless USA. You can understand this from the prophecy of Soviet's war against Israel in Ezekiel 38. In verse 13, three countries ask Russia why it has marched towards Israel. "Sheba" = Ethiopia. "Dedan" = Saudi Arabia, according to the Jews' names of countries from Noah's sons families in Genesis 10. The third nation that asks about Soviet's invasion is called "the merchants of Tarshish, with all the young lions thereof". Tarsis was the Jews' term for the leader of the big seafaring interests in the far off West. As the prophecy is dealing with modern time, one can infer that it is a question of USA. I am fully aware that it is not clearly stated that it is USA that is meant. But after several years' intensive study of the Bible, the Hebrew names of different nations, Biblical chronology, the symbolic language of the Bible and its prophecies, even I dare to agree with what most Bible researchers say, that this passage in the Bible is the only one that possibly refers to USA.

# WHY?

Firstly because Ezekiel's prophecy so clearly speaks about our time, with Russia and USA as super-powers. Secondly the USA is one of Israel's few allies and should protest, which Ez. 38:13 describes with the words, "Are you come to take a spoil?"

Have you gathered your company to take a prey? to carry away silver and gold, to take away cattle and goods, to take a great spoil?" The Dead Sea's minerals alone are valued at 15-20 billion dollars. Thirdly the fact that USA merely comes with a verbal protest against Soviet's war against Israel suggests that USA then is completely paralysed militarily for some reason. What could be the reason for this if not an imminent economic collapse?

Let me quote various authorities on this subject. The chairman of the International Monetary Fund (IMF) said, according to DN 6/7-1985, "USA's enormous budget deficit must be reduced because it threatens the whole international system. The capital flow of 100 billion dollars per year does not represent a desirable distribution of global savings and it is not likely that it can be maintained in the long run." Sure enough, 120 American banks went bankrupt in 1985, the highest number since 1933, according to DN 17/12-1986. Later reports said that 150 USA banks went bankrupt in 1986 and already in August 1987, 109 USA banks had managed to go bankrupt, according to DN 11/8-1987.

The Federal Insurance Office, which supervises the American banks, has a list of 1100 USA banks as possible bankrupt cases. According to DN 20/5-1987 even the world's most powerful bank, Citibank, was forced to write off 3 billion US \$ in unpaid debts. Most people believe that the world's most indebted nation is Brazil or some other third world country.

That is not the case! According to IMF in DN 12/4-1987 USA has a foreign debt of 226 billion dollars, more than double that of Brazil! It is equivalent to 5.3% of USA's GNP. In 1991 USA's debt will have risen to 850 billion dollars or 17% of GNP, according to IMF. The news magazine Tempus reported 16/8-1986 that USA's House of Representatives had voted to raise the ceiling of USA's state debt to 2152 billion dollars. The combined debt of all the 3:rd world is "only" half as much as USA's national debt, according to Tempus 12/11-1986. According to DN 27/8-1987 USA's trade deficit in June 1987 was 200 milliard kronor, the next largest ever, and 1986's total trade deficit of 169.8 billion dollars was the largest ever. And so on.

## A New World Currency

No wonder a whole row of American "Domesday economists" has emerged, who maintain emphatically that USA's economy will collapse around 1990, in the same way as the stock exchange crash of 1929. Tempus had in No. 35, 36 and 37/1987 a series of articles on the 5 year long stock exchange frenzy in the world. According to it a complete "speculation madness" prevails on the Japanese stock exchange, wholly comparable to the situation just before the stock exchange crash of 1929. Internationally well-known economists such as Galbraith are deeply worried by the development in Japan and USA and point out the great indirect influence of the Japanese stock exchange on the American. More and more judges of the situation believe in a world-wide deep economic depression during the 1990s. The Professor of Economics Ravi Batra's book "The Great Depression of 1990" has appeared for several months on New York Times' best seller list, in spite of its high price of 18 dollars. Already by September 1987, 300,000 copies had been sold. See also Time #40 and #43/87.

The "meltdown", on the New York stock exchange in October 1987, which spread like lightning to exchanges all over the world, erased paper money (fiat currency) to a value of far more than 1000 billion dollars, i.e. about 1/4 of the joint risk capital in the whole world (!) according to DN's stock exchange commentator 25/10-1987. That stock exchange crash was probably just one of several to come before the final economic collapse. After the dollar's death-throes, then Rockefeller and Rothschild and the other 11 of the world's absolute top banking families can "at last" put forward their long since prepared plan:

All countries' foreign debts to be remitted if the governments agree to abolish their own currency system and accept instead the World Bank's and the International Monetary Funds (IMF) New World Order: *Novus Ordo Seclorum*, i.e. a World Government! All the countries' assets and resources will be placed under the world government. IMF will then decide which companies will have access to the resources. A new common world currency will be introduced. According to a well-informed source, also a Christian lecturer in USA, quoted in *Prophetic Alert*, Nov. 1987, this is what IMF already now makes as a condition for the most indebted and poorest countries. That was probably the reason why Zambia broke an agreement with IMF in May 1987. Or as the Bible's Book of Proverbs explains the matter, *"The rich rules over the poor, and the borrower is servant to the lender."* The Book of Revelations 18:23 says that this world government will be dominated by capitalists and international bankers, *"for your merchants were the great men of the earth."* The Rothschild-owned magazine *The Economist*, had in its January edition of 1988, an article about the need for a one world currency by 2018! **Look at the coin around the eagle's neck, it says 2018!**

An economically paralysed USA naturally influences the whole world economy to a much higher degree today than in the 1930s. It will serve to trigger off many things. The Soviet will be both forced and tempted to occupy Israel, as in Ezekiel's prophecy, because of the military vacuum after the collapse of the USA, and because of its own economy's great dependence on a food-selling, investing and loan-giving Western capitalism.

The last-named factor can be exemplified by the 9 sided advertisement supplement in the household institution of capitalism, the *Wall Street Journal*, in August 1987. There Gorbachev invited Western companies to invest in the Soviet as part of the Soviet economy's so-called *perestrojka* reconstruction. *Perestrojka* and China's new openness are, as I have said before, nothing but a preparation for all Communist countries for the final common world economy.

USA's economic collapse will also hasten the integration of the Common Market of EU so that it will actually become a single nation by 1992 at the latest, according to the EU's own decree. The new world currency after the fall of the dollar will surely be the EU's common currency ECU (European Currency Unit). It represents the strength of 12 Western states' joint production apparatus and gold reserves. Already now we can get an inkling of EU's enormous collective super-power strength fully achieved by looking at West Germany. That country has been the world's biggest exporting country since 1987. Japan and USA come in second and third place!

## The Mark of the Beast

At that time crime will have reached such proportions that one will be forced to utilize what the banks have researched during a long period: the theft and forgery secure means of payment. By means of a low dose laser, every person will be marked on the right hand or in the forehead with his own quite unique personal number and his country's code. According to *San Jose Mercury* 8/8-1975 there is a self-programming super-computer at the EU's headquarters in Brussels called "The Beast". Scientist within the computer technology under the direction of EU's chief analyst, Dr Hanrick Elderman, are working on a long-range plan to give every individual on the earth his own number. The number is to be used when buying or selling. The report that the newspaper refers to says that a digital number ought to be tattooed on the forehead or on the hand. Compare all this with what a Bible prophecy says. Revelations 13:16-18. *"And he causes all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name. Here is wisdom. Let him that has understanding count the number of the beast: for it is the number of a man: and his number is six hundred and sixty-six."* The prophecy thus tells that every person will get a number.

The number will be marked on the hand or in the forehead. This as a prerequisite to be able to buy or sell. Something that is called The Beast also figures. Altogether 5 concrete statements that are all confirmed by the respected American newspaper's, San Jose Mercury, article.

## What does the fifth statement deal with, this about 666?

If you have read the whole of this chapter from the beginning, you can more easily understand my answer. All the time I start out from the Bible's various prophecies about how our world will look during the last 7 years before Jesus returns to establish his 1000 year kingdom of peace, with Jerusalem as the capital of the whole world and with Him as ruler! So to answer the question of 666 we must have the right time perspective. First the gold standard was abolished, the so-called Bretton Woods system, 1973, in order to produce fiat currencies, or what might be called "worthless" paper money. The public in USA could no longer go to a bank and get their paper money exchanged for gold if one wanted to. Then the cheque emerged, then the account transaction, then the account card and now the latest payment card/bank card. At the same time we became accustomed to bar codes on more and more goods and on our driving licences and even the new passports. Parallel with all this computerised check-outs were launched in 1984 and generally they are now found everywhere, ready for the final payment system - the cashless one. The Swedish magazine "Computer News" 5/85 wrote under the caption "The Definite Breakthrough for the Cashless Society?" about this. Even the SAS newspaper Scanorama 1/86 and Computer News 9/87 had similar articles. The system has as its aim that all goods should have the EAN bar code on them and that all consumers should have their personal number as a payment code. One will thus receive one's salary in the form of electronic figures on one's personal number wages account, and pay everything from this account. Bills, coins, bank-notes and cheques have thus all been abolished.

This implies a complete "Big Brother society" where no personal integrity remains. This because all electronic transactions can be traced and in this way find out what every individual has used his money for. The Government, firms, banks, authorities and even private people can with access to the computer memories of banks and shops, see exactly who bought what and when! In this way a person's habits,

opinions, inclinations, alibis, residences, journeys, travel routes, speed on the roads, crimes, etc. can be fully charted! The only positive fact about this watertight system is that all economically involved crimes are eliminated. There is no cash or payment card to steal any longer. But at the price of our freedom and democracy! To warn as many as possible of this devilish world system, God has in his loving mercy revealed this to us! It is here that 666 enters.

**Please study carefully the illustration below of the UPC- (EAN-) code.**

Figure 1  
All the bars in the symbol are identified with digits underneath, with the exception of three sets with two similar bars, which seem to be identical with the number 6, above the little arrow.

Figure 2  
The only bars which are unidentified by digits in this simple UPC design, are shown alone in pos. 1, 2 and 3.

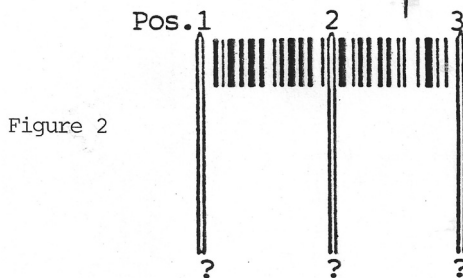

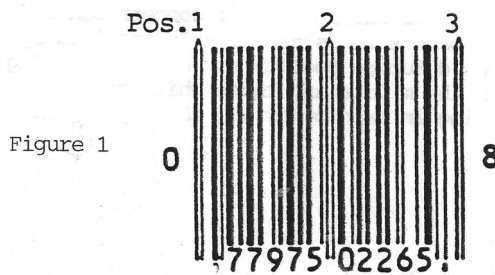

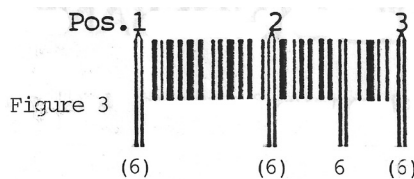

Figure 3  
A comparison between the three bars, which are always unidentified, and the bar code, which UPC identifies with 6.

From figures 1, 2 and 3 one can see that the EAN code (UPC) identifies each pair of bars with a digit, EXCEPT the three pairs of bars I call position 1, 2 and 3. The exact similarity between the three pairs of so-called leading bars, without digits underneath, with a pair of bars marked 6, is striking.

The three unidentified leading bars govern the code so that it can be read from both sides. So really 666 ought to stand under the leading pairs of bars! In more and more places the number combination 666 crops up. More and more companies, public and communal institutions acquire or change their old logotyp to variations of more or less hidden triple sixes.

An indisputable and striking proof of the use of the number "666". This is an advertisement for a nationwide competition in Israel with support from the Department of Education. It is done to "instruct", prepare the Jews to approve "666", which will be the number for their false "Messiah" (Antichrist) and his world government and system. "Jerusalem Post; 25 November, 1980.

Financial and State-run institutions in USA and other countries use variations of this horizontal "666" mark.

In his book, "The Next Visitor to Planet Earth", Dr Michael Esses describes these marks in shoes from Italy. An example of the "666 system" within the EC. (These marks have also been seen in Norwegian shoe shops).

Athens local traffic company OAZ uses three 6s lying inside each other!

The latest development of the universal product bar code (UPS in USA, EAN i Europe): A horizontal F and H underneath. On the receipt from the department store was written: "This UPC is the first symbol in the New System." Supposition: When the mark is placed on the body F=Forehead, H=Hand.

A CHANGE AT THE PENTAGON! The Journal for USA's Department of Defence 1st quarter 1980, shows on page 42 and 43 a comic strip which depicts

the change in the defence command with an old runner giving the relay-race baton to a new runner. The new runner for USA's Department for Defence wears the world code 666. This gives a clear indication that USA's defence is now under the influence of the Global World Order, which will one day be completed in the last One World Government System, whose politics, economy and religion will be characterised by the number 666, according to the Book of Revelations, chapter 13.

This picture appeared in a Swedish computer magazine in 1987.

The 10th Asiatic Games in Seoul, 1986, had this clearly antichristian 666 symbol.

The old Olympiad symbol is not enough anymore. It has now been completed with "holy" number of the Worldgovernment above the symbol of the five continents. In other words: the whole world is going to be put under the 666.

The upper red 6 is lying the other way around the other two 6s below, one blue and one white.

## Why just a combination of digits?

Why just this combination? Why not 555, 66, 6666, 123 or SSS etc.? Why just the number combination that Jesus's apostle John received a revelation about in 96 AD? First of all it confirms the Bible's Divine inspiration and authenticity. Secondly it confirms that we human beings are spiritual beings who are influenced by the two chief spiritual powers: God and Satan. Man was created on the 6th day, according to Genesis on the story of the creation That is why the human being's number is 6. God's number is 7. This pattern is repeated through the whole Bible. The antichristian rebellion and conspiracy has gone so far that it is openly maintained that man is a god! This is the "gospel" of the New Age movement. New Age is the collective concept of the thousands of "new spiritual" and occult movements, such as Summit Lighthouse, the Antroposphists, Bhagwan, TM (Transcendental Meditation), the Church of Scientology, the New Thinkers, shamanism, healing, yoga, astrology etc. This movememnt is as yet (1987) not so well known or strong in Sweden, thank goodness. In USA, on the contrary, they have built up such a strong network that even such critics as Professor of Religion, Carl Raschke, at the University of Denver, describes it as "the strongest force in society in our country today". In the same article, in Tempus 11/10-1986, it is also stated that company representatives from Ford, General Motors, IBM, AT&T and Westinghouse et al. meet at joint company courses in order to learn "how metaphysics, occultism and hindu mysticism could be able to help managers to compete in the world market."!

The Professor of Religion, Raschke, says in the article, "I believe that it is just as much a political as a religious movement and it spreads to theories to company managements and many other areas. If one looks closer one sees that these ideas completely reject Jewish/Christian values and fundamental American values. The New Age movement is basically a development of the hippies movement of the 1960:s to a mature phase."

These New Age groups offer company courses from the so-called "holistic perspective" and according to experts on trade and industry in USA "these courses are increasing quickest among the educational packages for managers." Even Stanford University's much respected economical research education comprises a course programme for "Creativity in Trade and Industry: Meditation, chanting, dream work, Tarot cards and discussions on the New Age capitalist." This international movement starts from man as divinity comparable to the Jewish and Christian God, and can therefore do no wrong, sin!

Although the reality in ourselves and the state of the world is wholly contradictory to the New Age religion that we are gods who can do no wrong, they continue to deceive people. Deceive in such a way

that they justify the whole of mankind and say thereby that we do not need God's pardon through Jesus Christ for our sins. For this reason they have seized on the fact that man was created on the 6th day and elevated his -number to a "holy" number.

That is why they try to get in 666 everywhere in all possible connections, expressed in different ways. New Age practitioners of the occult have gained influence even in the Soviet Union! One of the founders of the movement, Werner Erhard, was in Moscow in June 1986 to hold a course on "Man's Potential" for 65 Russian managers. "Representatives of the Esalen Institute in California, which is considered by many in the field as the mother church of the New Age ideas, regularly meet Soviet society researchers," according to the article in *Tempus*. So much for Soviet's "Scientific Atheism"!

## THE 1990s: THE "SPIRITUAL" DECADE.

Most of you have surely noticed how society as a whole has changed in 20 years from political radicalism and a materialistic view of the world to a more and more "spiritual" element in debates on society. This will go so far, says the Bible, that the last Pope will place himself at the head of the World Government and its policy of peace and one world policy. This sounds quite impossible now for us in a Protestant Sweden. But if one studies the Papal Church's bloody past, its politically high-flying ambitions over the last thousand years, its power and influence in Catholic countries, its immeasurable wealth and immeasurable lust for power etc., then it appears on the contrary to be quite logical.

Read, for example, "In God's Name" by David Yallop, published by Bromberg. Pope John Paul II travels like a shuttle all over the world and gives speech after speech on the need for "a new international system", that "we are one big family", on the way to a "world denomination" and that a special organism must be formed in the world denomination to watch over the general good for all people" and so on. At Easter 1987 the Pope held a day for prayers for peace broadcast via satellite. It was seen by 1.3 billion people, according to reports. 800 million Catholics approximately over the whole world pray to him as the Deputy of the Son of God! This title is given in Latin on the triple crown used for the crowning of Popes.

At the time of the Middle Ages, the emperors were subordinate to the Popes. That tragic time will once more come true says the Bible. But only for 7 years. The Pope and his cardinals are already held in such for us unbelievable esteem that even France's prime minister, Jaques Chirac, kneels and kisses their hands on official visits!

See the illustration from "Tempus" 15/4-1986.

*A kneeling Chirac greets Polands priare, cardinal Josef Glemp, welcoming him to Paris.*

A person who everywhere, year after year, is met with worship and adoration, and furthermore with the title of Pope, quite suddenly is declared to be "infallible" (!) on theological and spiritual questions, must surely easily believe that he is the only one who can save and reign over the whole world in the end, when all the economic, political and ideological systems have collapsed and the voters have given up believing in their politicians.

A Pope will thus become a world dictator before Jesus Christ returns and crushes this Antichrist. (Anti means "deputy, instead of" in Greek.) I am in good company when I maintain this. Already Luther, Calvin, Wesley and all the other reformers described the popes as the Bible's Antichrists. During the 1990s we shall see how all the false religions (including the Roman Catholic and the apostate Protestant) go together in a single world religion, the Bible prophecies state! This might perhaps be considered an Utopia as things stand at present, but nevertheless every prophecy in the Bible will be fulfilled 100%.

Already in 1986 the Pope invited 160 representatives of 12 great religions to a common day of prayer in Assisi in Italy. There they prayed together to their various gods for world peace. As a further proof of the power of the papal church and its influence it can be mentioned that during this world peace day of prayer "more than with communal possessions and access to miracles of feeding. God will create a parallel community in the midst of this travail so that no person will be lost. For God wants all people to be saved and become aware of the truth. But the ball is in your court!

When God's judgments fall over the worshippers of Mammon, the World Church and the people of the World Government, Jesus promises in Matthew 24:37-42 that He will gather his righteous followers to heaven. In the Gospel of St John 14:1-3 Jesus says. *"Let not your heart be troubled: you believe in God, believe also in me. In my Father's house are many mansions: if it were not so, I would have told you. I go to prepare a place for you. And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there you may be also."* St Paul describes the same thing, saying that "we shall all be snatched away on clouds up in the sky to meet the Lord, and thus we shall always remain with the Lord."

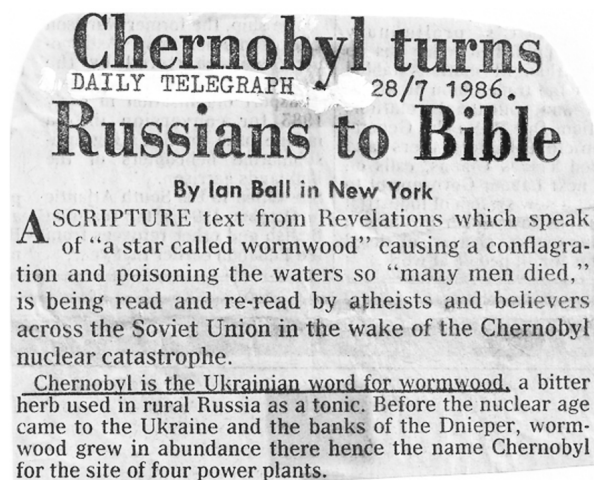

What a wonderful "Gospel Train" it will be! Do not miss it! For then the glorious part begins! It will be a wedding where all God's children may "marry" Jesus, all at the same time!

*"Let us be glad and rejoice and give honour to him: for the marriage of the Lamb is come, and his wife has made herself ready. And to her was granted that she should be arrayed in fine linen, clean and white: for the fine linen is the righteousness of the saints. And he said unto me, Write, Blessed are they which are called unto the marriage supper of the Lamb. And he said unto me, These are the true sayings of God."* Rev. 19:7-9.

We shall also get a new name from God, which will describe his special loving relationship to each of us. Then we shall be allowed to eat of the Tree of Life and have all our wounds healed. God will wipe away our tears and instead of experiencing all the horrible things that are happening on the earth at the same time, we will be able to rejoice in gladness before the face of God, etc.

After the rapture of all Christians there will, of course, be a massive conversion to Jesus, when perhaps two billion people, all confessing the Christian faith, quite simply do not exist on the earth any longer! But all will have left their personal possessions and valuables behind them! Even those who are converted after the snatching away of the Church will be taken in hand by God, they will live through the remaining judgments of God, but will not be affected by them. Exactly like the children of Israel in Egypt. They experienced heavenly protection in the midst of God's judgments over the idols of Egypt. See Exodus, chapters 9, 10 and 11. (The Nile, Pharaoh and his son, the sun and many animals were worshipped as gods.)

These of God's judgments to come we can already now have a presentiment of the final scale of: 1/3 of the rivers and the subsoil water will become radioactive; 2/3 of the rivers and the subsoil water will be turned to blood; the ozone layer will more or less collapse. These three judgments have already begun to take place in that God has somewhat reduced his power of holding back against man's sinful destruction of the environment. We were appointed to administer God's wonderful creation, but soon we will have completely devastated and poisoned it! Both socialist and capitalist countries are equally to blame. The first-named judgment is prophesied in the Revelations of St. John the Divine. Let me cut out the English Daily Telegraph's front page of 28/7-1986:

The reference — in Ukrainian — to "a star called wormwood" is found in the Book of Revelations, chapter 8, verses 10-11. In the Authorized Version the translation reads: *"And the third angel sounded, and there fell a great star from heaven, burning as it were a lamp, and it fell upon the third part of the rivers, and upon the fountains of waters; And the name of the star is called Wormwood: and the third part of the waters became wormwood; and many men died of the waters, because they were made bitter."*

The Ukrainian and Russian languages are related but many words are different. As a result Ukrainian dictionaries are now being industriously studied all over Russia - together with the relevant section of the Bible in Russian - by Soviet citizens, who want to check that Chernobyl means wormwood in Ukrainian. **"With the uncanny speed rumours have in the Soviet Union, the discovery has spread right across the Soviet and contributes to increasingly growing knowledge of the catastrophe at the Chernobyl nuclear power station in the Ukraine, the New York Times reported from Moscow."** End of quote.

According to an article in Dagens Nyheter, 12/8-1986, the immediate cost of "Chernobyl" will be at least 3 billion dollars. "Certain Western experts consider that the final cost will be 5 times higher than the official calculations. Added to that will come the cost of scraping away the surface layers of soil from 2850 square kilometres of agricultural land. The radioactive core will remain and let out heat for centuries and will demand a speedy construction of an advanced ventilation system. The only way to make the earth healthy in the Ukraine and the neighbouring Belorussia is now to scrape away the top layer of earth or to place some sort of covering over it. A certainly possible but gigantic task. The possibility exists that they block off the whole area and forget the other alternatives, says a diplomat. Then they will still be forced to worry about the outflow and dust and when the spring floods come next year there may be even worse problems to deal with. What will happen when the radioactivity spreads through the food chain, no one knows, as the world has not beheld a nuclear power accident of the scope of Chernobyl previously."

Because the economy and the provision of energy is very strained in Russia they have started up reactors 1, 2 and 3 in the Chernobyl plant, since October 1986. So what has already happened in Chernobyl is probably only the introduction to what will be the fulfilment of this Bible prophecy of "the star called Wormwood."

We can already now get an inkling of the full consequence of the next judgment of God over what happened to the River Rhine, when the chemicals giant, Sandoz, caused 1000 tons of poisons and solvents to run out into the river. On TV the 2/11-1986 one could clearly see that the river's water was blood—red! *"And the third angel poured out his vial upon the rivers and fountains of waters; and they became blood."* Rev. 16:4.

This is what the supporters of the antichristian world government are punished with in the hope of repentance, penance and conversion. God is namely more concerned for man's everlasting safety and salvation than for the earth. (He is going to create a new earth instead!)

The third of God's exhortations to conversion from their evil deeds is found, namely, in Rev. 16:8.

*"And the fourth angel poured out his Vial upon the sun; and power was given unto him to scorch men with fire."*

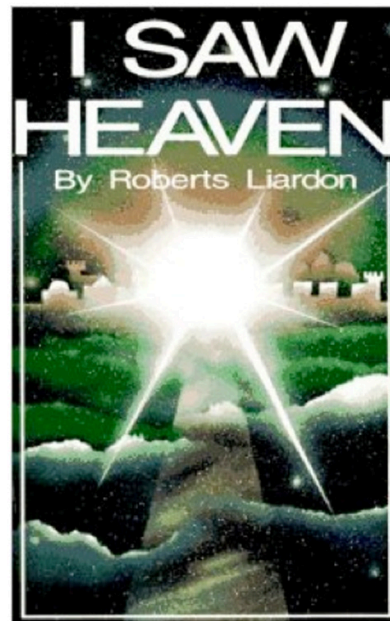

No person until the present time knew what ozone and the ozone layer were. That is why the prophecy describes the recently discovered holes in the protective ozone layer in this way. For the consequences of the ozone being thinned out more and more is that the sun's highly dangerous ultra-violet rays reach us in increased quantity. And this because of man's sinful desire for profit in industry, that manufactures and employs freons, although one knows of its death threat to the ozone layer. Even the man in the street, of course, bears his responsibility here. The latest research findings say that catalytically purified car exhaust fumes contain 20 times more dinitric oxide than unpurified exhaust fumes. And dinitric oxide is just as dangerous for the ozone as freons and the halones are in fire extinguishers, according to EPA, the Environmental Protection Agency. In USA private motorism is responsible for 25% of the emission of dinitric oxide. Globally coal burning is the greatest source of dinitric oxide!

I said earlier on that I had saved the best till'last. It is partly the re-established true Congregation/Church. But it is also God's promise of rescue from hardship (God's judgments over the godless), rescue from Satan's antichristian plans, spiritual delusion and everlasting death.

*"For God so loved the world, that he gave his only begotten Son, that whosoever believes in him should not perish, but have everlasting life."* St. John 3:16.

The everlasting life God wishes to give you is not like the life you are living now, with holy-day anguish, Monday mornings, loneliness, unemployment, illnesses, injustices, etc. No, the everlasting life is a heavenly life, in God's timeless dimension with a new body, a *"body of glory."* We will all recognize each other in our new bodies, but we will be liberated from everything that the Fall of man and our own lives have brought upon it. With your new glorious body you

will for the first time be able to see God, face to face! It is not possible now, because we have mortal bodies which would be destroyed all at once by the radiation of God's holiness. This holy reflection from God is so immeasurably great that that light on its own will illuminate the whole of the new earth instead of the sun! So now perhaps you understand why we never get any answer to our demands to be allowed to see God before we can believe in his existence. Read more about what it is like in heaven in "I saw Heaven" by Roberts Liardon (Roberts Liardon Ministry, Tulsa Oklahoma.)

On the other hand, God's glory is reflected in all of His creation. From the structure and harmony of the minutest atomic nucleus to the whole of the inconceivable cosmos! Just think of the coming into being of a child, the construction of the eye, the capacity of the brain, migrating birds' "international navigation system", the immensely beautiful attire of the peacock, the bees' "dance", the bats' radar, etc. etc. So we have certainly received proof of God's existence. Not to mention Jesus Christ, who is *"the image of the unseen God"*. When you read about Jesus in the four eye-witness accounts in the New Testament, you get an adequate picture of who God is. Understanding, loving, all—powerful, true and just, forgiving and helping, radical and uncompromising, exciting and full of the quality of life. So the everlasting life is not going to be boring. No, on the contrary, for God is not boring or religious. *"God is love,"* says the Bible. Thus the source and origin of all love. If you have ever been in love, been loved or become deeply touched by a loving deed or word on your behalf, then you have had a small, small, small, tiny foretaste of who God is! I, myself, have experienced enormous proofs of God's love and goodness.

For example when in hospital I was instantly healed by faith from a triple intestinal obstruction! A Christian brother prayed with laying on of hands in the powerful and holy name of Jesus. I felt a wonderful, warm and sweet power, which moved slowly round in my belly and put everything right! The chief surgeon admitted next morning in front of all the staff on the X—ray round, that it was through the power of intercession that I had been healed!

## God is so good! If only you would believe!

Do not harden your heart. Humble yourself and put your life in the blessed hands of Jesus. He is the only one who can set you free from all that you are slaving under.

*"Come unto me, all ye that labour and are heavy laden, and I will give you rest. Take my yoke upon you, and learn of me; for I am meek and lowly in heart: and you shall find rest unto your souls. For my yoke is easy, and my burden is light."* Matthew 11:28-30.

You surely do not want to miss a new life together with Jesus in a new Paradise? That is exactly what everlasting life is all about. To experience a completely peaceful, totally disarmed world with Jesus as King in Jerusalem! No destruction of the environment, all nations and races working together for each other, the lion and the lamb grazing together without the instincts of the wild beasts, and so on. Not until *"the world has been born again"*, says Jesus, will there be a true, total, lasting and definitive disarmament and peace. Nothing less than a heavenly world government under the guidance of Jesus will be able to bring about peace and tranquillity between people. The first measures Jesu's world government will take will be to *"beat their swords (all kinds of weapons) into plowshares, and their spears into pruninghooks: nation shall not lift up a sword against nation, neither shall they learn war any more."* Isaiah 2:4.

The atheistic Soviet Union has made political capital out of this Bible verse. On the big monument to peace outside the UN skyscraper in New York, which the Soviet has given to UN, stand parts of this Bible verse, torn out of its context and without giving its source, of course! (See picture)

But neither the UN or any other human world government will be able to get at the reason for wars - man's evil, selfishness, greed, sin and rejection of Jesus as a model and Lord in his life. Only Jesus can take away the evil in man. Only the coming world government with Jesus from Nazareth as leader can succeed in uniting the whole of mankind without national borders, with a common economy, etc. in a peaceful and democratic, free way. All the kinds of attempts that politicians and new spiritual leaders are working on just now, will only lead to a falsification of Satan in human form as the "Prince of Peace", Jesus, the Saviour of the world. Only Jesus returned with all divine authority, power and glory, which He did not have the first time on earth, only this Jesus has the supernatural knowledge, wisdom, strength, judicial pathos, love, patience and the practical possibility to lead us out of all the blind alleys we find ourselves in and will enter. Do not choose to spend eternity separate from God and his blessings! Choose to be a disciple of Jesus Christ! There is no more exciting, challenging and rich life to be had in this world! The answers to one's prayers stream in every day and God lives in one's heart with all His peace, love and strength.

Maybe you believe in some "higher power" or something greater than us humans. Maybe you even believe in "God" in very broad terms. It works just as badly as believing that a prescribed medicine will help an illness, but one still doesn't take it. It is not enough to believe in a god in very broad terms.

Instead I want to urge you really to take God's "medicine" for all your emptiness, anguish, false steps, life weariness, defeat, shame, sickness and sin, in the right way. It is good for everything, it is free, it heals and liberates without side effects!

One can even take "overdoses" of God's medicine (Jesus) without being harmed. This is how God's prescription for you reads: *"That if you shall confess with your mouth the Lord Jesus, and believe in your heart that God has raised him from the dead, you shall be saved (redeemed). For with the heart man believes unto righteousness; and with the mouth confession is made unto salvation"* (born again). Romans 10:9—10.

You don't at all need to be in a church in order to pray to God and become a Christian. I myself was born again in hospital and a friend of mine received Jesus into his heart in the bath room! You only need to speak to God just as if you were speaking to a person on earth. God is present everywhere, still in order to see whether someone wants to humble himself and come to Him. *"For God's eyes scan the whole earth, so that He with his strength shall help those who with their hearts give themselves up to Him."*

Jesus particularly sees the attitude of one's heart. Therefore He meets you only if deep down you want to *"taste and see that the Lord is good."* God is a good God! He loves you! He let his own Son go to his death for you and me. Could you imagine offering your own Child for a murderer, a rapist, a liar, a thief, a sinner like you and me?

God did just this so that we should not be doomed to everlasting darkness, divorce from Him. But the sin in your life separates you from God. Let Jesus cleanse you from your sin with his holy blood! You cannot imagine what strength there is in referring to the blood of Jesus!

*"But God showed his great love for us by sending Christ to die for us while we were still sinners. And since by his blood He did all this for us as sinners, how much more will He do for us now that He has declared us not guilty? Now He will save us from all of God's wrath to come."*

*And since; when we were his enemies, we were brought back to God by the death of his Son, what blessings He must have for us now that we are His friends, and He is living with us!"*

Romans 5:8-10 from "The Living Bible".

Jesus says that *"If a person is not born again, he can not be able to see the kingdom of God."* He also says, *"No one comes to God except through me."* So if you believe in God, you must come to Him through Jesus Christ. This is the only way that works. God has ordained it in this way. And thus one must humble oneself under it. Not to try to maintain that I with my understanding can probably work out an other way, or to rely on what some other person has hit upon. Jesus made a new covenant with all who wanted to believe in him. He signed that covenant with his own blood. In the covenant it is stated among other things that Jesus pledges to be our doctor, our preserver of souls, our defence lawyer, our shepherd, our provider, our peace, our saviour from all need, our righteousness, our strength and joy, our commander in the spiritual fight, our bread, our water, our high priest, our interceder before God, our adviser, our light, our path, our wisdom, our truth, etc. Just before his ascent into heaven he promised that he would send God's Spirit as his successor. Jesus promised that the Spirit would teach us everything, lead us to the whole truth and let us know what would happen in the future, etc.

This is a fantastic offer from God for us all to come into! Can you afford to stand outside such a wonderful union, signed with God's own blood? I will finish by really seriously exhorting you to subscribe to God's new covenant, you also. You do not have to sign with your own blood. Jesus answered for the blood. Subscribe with your own expressed will to become a child of God. Don't let your manly pride stand in the way, don't let your female pride, lack of interest, or whatever, stand in the way. Jesus says that *"blessed (happy, spiritually rich) is he for whom I do not become a stumbling—block."*

Do not let Jesus be the crux, the snag, the difficulty which separates you from God's blessings, that He wants to give you! Learn to know Jesus instead. Read about Him in the Bible's New Testament.

God bless you!
